### PREPARATION METHOD

Fry the freshly chopped shallot in the olive oil. Add the rice to it and fry gently until the rice is nice and shiny. Add the white wine and vegetable fumet. Allow to simmer in the pan for 25 minutes. Stir every now and then to prevent it catching. Check whether it is cooked, adding more fumet and continue to simmer if necessary.

Blanch all the vegetables. Stew the freshly chopped shallot and garlic in the olive oil. Add the blanched vegetables. Season with Erbe Italiano, salt and pepper. Add the vegetables to the risotto.

Arrange on a plate. Finish with a little grated Parmesan cheese and a chiffonade of mint and cress.
