PREPARATION METHOD

Open the oysters and pat them dry. Puree them with the olive oil and season with the juice of the half lemon. Boil the eggs for 8 minutes, rinse them until they are cold, then peel them. Cut the eggs in half and remove the yolks. Rub the yolks through a round sieve. Beat the butter until fluffy and mix it with the yolks and the oysters. Season with the garlic puree and salt and pepper. Use a piping bag with a serrated nozzle to pipe the mixture into the egg whites. Spray the oyster shells with gold leaf and place three shells on a plate. Place the stuffed eggs on them. Garnish with the grey (Dutch) shrimps, cress and radish.
